

*“We can shift our perspective and change our world.”*

People from all walks of life, men and women, young and old, benefit from living an authentic and transparent life. Perfect Practice offers freedom from thoughts of fear that leave us feeling incomplete. The process of reclaiming our authenticity shifts our perspective. It enables us to expand our capacity, not only for growing, but also for loving. How we perceive life is what motivates how we live. An authentic life is a fulfilling life.

*In this book you will learn how to transform:*

**Pain into purpose ❖ Conflict into confidence ❖ Fear into curiosity**

“Our life comes under the control of one or the other—presence in love or escape in fear. *Perfect Practice* offers us hope by defining the wisdom that pain offers. This wisdom brings with it freedom from our own fearful thoughts. I have been entranced by the many interesting stories, lessons and gems of wisdom scattered throughout this book. I believe you, the reader, will too.”

—Ken Kornelis, PhD, Psychologist

“The imagery in this book is vivid and the ideas paradigm shifting. Once I began reading, it was hard to put down.” —Kim Welsh, *Upward Rise*

“This book is one woman’s journey, and I find it to be profound.”

—Carolyn Hunt, *Legacy of Legends*
